# MAGIC REPELLENT

## Silicone Based Water Repellent

---

### DESCRIPTION

Magic Repellent is an effective water repellent in a solvent carrier. Upon penetration into mineral surfaces, it minimizes liquids from being drawn into the pore structure by capillary action. It leaves little or no residue on absorbent stone surfaces and consequently is invisible and provides natural appearance

### USES

As a water repellent this can be applied over Marble, Slate, Lime stone, Unglazed Porcelain Tile, Granite, Quartzite, and Quarry tile.

### APPLICATION PROCEDURE

All surfaces must be clean, dry, and free from contaminants including waxes, coating and sealants

Apply Magic Repellent with brush or spray

Apply evenly, buff off excess

On very porous substrate, allow Magic Repellent to penetrate deeply and apply a second coat.

On polished surface, apply sparingly and buff off any excess with a soft cloth of white pad

### COVERAGE

Approximately 4-8 sq.m /litre/coat depend on porosity of the materials and method of application

### CLEANING

Clean all tools and equipment with mineral spirits or a similar solvent

### PACKING

Magic Repellent is supplied in 1,5, 20 & 200 liter drums.

### STORAGE &SHELF LIFE

Magic Repellent as supplied shall be stored in a cool and dry place away from sunlight, moisture and high humidity and have a shelf life of 12 Months in the original packing.

## **HEALTH & SAFETY**

Magic Repellent contains organic resins and solvents which may cause sensitization by skin contact. Avoid contact with skin and eyes and inhalation of vapour. In case of contact, wash liberally with water and seek medical advice, if required. Wear suitable protective clothing, gloves and goggles while handling

## **FIRE**

Magic Repellent is flammable .Keep away from sources of ignition. No smoking .In the event of fire, extinguish with carbon dioxide or foam. Do not use water jet

## **WARRANTY**

Whilst Bostik India P Ltd., strives to ensure that any advice, information or recommendation given are appropriate and correct, it cannot accept any liability directly or indirectly arising out of the products, since the method and place of application of the products are beyond its control. Its guarantee is therefore limited to the quality of materials delivered
